AYER'S AGUE CURE. FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, and Billious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of mlasmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its

use in any quantity. That which protects from or prevents this disorder must he of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of the disease, if taken on the first approach of its yet discovered for this class of complaints, but also the which are under bank and ditch, and 1,100 ACRES OF William Brice, Original Attachment, levied on Defendcheapest. The large quantity we supply for a dollar brings | UPLAND, part covered with Pine. A fine Vegetable Garit within the reach of everybody; and in bilious districts, den upon the tract of six acres, yielding a handsome income. where FEVER AND AGUE prevails, everybody should have it | There are upon the premises a small dwelling house, an exthis price will place it within the reach of all—the poor as all necessary out houses. well ass the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease. Fever and Ague is not alone the consequence of the miasmatic poison. A great varity of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and

few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords. AYER'S CATHARTIC PILLS, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases.— The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and di rections for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excel-

lent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by AYER'S CHERRY PECTORAL, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of applying for the same.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no and dangerous affections of the pulmonary organs that are the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

MAGNOLIA COLLEGE. THE FIRST SESSION OF THIS SCHOOL will commence on the 2nd Monday in December next, and continue 20 weeks. Magnolia is a village of recent growth, and is proverbial for health. It is situated on the Wilmington & Weldon Rail Road, about midway between Wilmington and oldsboro', and contains a number of handsome and tastefully arranged residences, a large and well constructed Church, (M. E.,) and three good stores. As evidence of the No. 1, liberality, enterprise, and intelligence of the citizens, they have erected a College building at a cost of six or seven thousand dollars. This building is located at a sufficient distance from the railroad and depot, to be out of reach of the noise and excitement produced by the passing of the trains. The Male and Female departments will be conducted separately, in different apartments, conveniently fitted up for that purpose in the College. The studies pursued in ornamental, usually taught in the best Female Seminaries. Rates in Male Department, \$ 8, 12, 16 and \$20. " Female " 8, 12 and \$16.

Jesse Pope_the Impending Crists. It is known to many citizens of the State that, during the latter part of last December, a quantity of Helper's TAKES THIS MITHOD OF INFORMING HIS FRIENDS Impending Crisis was brought to this place to the address of one Jesse Pope. We have, within the last two months, received many inquiries as to what has become of Pope and the books, but owing to reasons that may be guessed, we have, heretofore, forborn to answer .ces should have their Classes made up by 1st May. To those We now proceed to give a statement of everything concerning the matter.

While on our way to this place about the 28th last December, we stopped over night in Raleigh. It had been discovered that the above mentioned books had come up the R. & G. Bailroad that day, for High Point, by Adams' express line. The agent at Raleigh informed Mr. Holden of the fact, and upon consultation with Judge Saunders, it was agreed the Books should come on, and a writ was issued by the Judge and placed in our hands, to arrest Pope and take the books in charge, but allowing us discretionary powers to wait until Pope should call for the books and to endeavor to obtain evidence sufficient to convict him of circulating them. On arriving at High Point, the books were left in charge of the agent here to await further developments. We found upon inquiry, that Pope is a simple, inoffensive and illiterate fellow, and that he was, at that time, an invalid, confined to his bed. We watched the post office to see if any letters came to him, but there was none.

At length, some weeks ago, we took a gentleman of sound judgment and good sense, with us, and went to incapable of planning and executing anything either good or bad. We were further convinced in our own mind, from the confessions of Pope, that he had been made a tool of by Daniel Worth, had some books sent here in his name, giving as a reason for it that as he (Worth) frequently passed High Point on Sunday, he could not get the books so well, and had them sent to him for that reason. He said that Worth had said nothing to him in regard to the last lot, but he induced the belief in our own mind and that of the friend who accompanied us, that it was unnecessary to arrest the poor fellow, and take him from his family, afflicted as he was, and we declined to execute the writ.

The books we let remain in the Depot until last Saturday, on which day, at 10 o'clock, A. M., in the presence of a large number of citizens, they were taken out and burned to ashes on the public square. There were 150 copies, of the cheap edition, and made a delightful fire. We were indebted to Mr. J. W. Lambeth for fuel to raise the funeral pile. The fact of the books being here, CITY OF NEW YORK. notwithstanding the injunction of secresy, was known all over the country, and published in some of the papers, within a few days after they came, and had Pope been the blackest incendiary out of jail, he would have had sufficient warning against giving any hold upon himself by calling for the books, or by doing anything else that would have led to his conviction. Intelligence of the whole affair arrived here by the same train that brought the books. As it is, we think Pope should be made a witness against Worth in his approaching trial. High Point Reporter.

Presentation of the Paraguay Minister. Senor Berges was to-day presented to the President by General Cass, and was attended by Mr. Ward, of Abundant testimony in favor of the Saponifier, with full | the United States Mission to Paraguay, who officiated and valuable receipts for making different kinds of Soap, as interpreter. The following is the address of Senor

Mr. President-I esteem myself fortunate in having been selected to discharge the duties of the character which I represent. Upon the ratification by your Excellency of the treaties negotiated in Asancion on the 4th of February of last year, between the plenipotentiaries of Paraguay and those of the United States of America, and ratified by the former republic on the 12th of the same month, depend relations which cannot fail to prove advantageous to both countries and profitable to other nations. The government of the republic of Paraguay has ordered me, above all things, especially to assure your Excellency of the high esteem and perfect friendship which it entertains for your Excellency .-These sentiments your Excellency will find expressed in the autograph letter of his Excellency the President of the republic of Paraguay, which I now have the honor

In reply the President said-"I am extremely happy to receive the Envoy Extraordinary and Special Commissioner of Paraguay, whose presence I accept as a testimony of the perfect adjustment of the little difference between the two countries, and as an augury that henceforth the friendly relations between the governments of the United States and of the republic of Paraguay will be enduring, as they can-Would call the especial attention of Grocers and Druggists not fail to prove advantageous. For the government to his removal, and also the articles of his manufacture, viz: of Paraguay and its distinguished chief, President Lopez, I cherish sincere regard and friendly sympathy. Grateful to him for his kindly reception of the Commissioners of the United States, and appreciating the frank-Copenhagen, ness and confidence with which he has sent you hither, I duly esteem his course as a statesman and his efforts as a patriot to develope the resources of his country and the prosperity of its people. And I beg to assure you, sir, that while you remain among us I shall spare no pains to render your stay agreeable to yourself and useful to your country."

The Minister retired, highly gratified by the warmth of his reception, which was friendly and dignified, but devoid of a ray of the cold formality of Courts.
